

New features of OECD iLibrary:

- Intuitive navigation by country or theme.
- Granular content - users can search and click directly to tables, chapters or articles.
- Integrated search results, showing all available file formats (PDF, HTML, XLS).
- A citation tool for all content, compatible with popular bibliographic management systems.
- Content in context - related content is one click away.
- Links to previous editions, with the option to download any full-text item such as tables or chapters from the table of contents.
- Every content level has a DOI (Digital Object Identifier) and fixed URL.
- Users can navigate back and forth via hierarchical "breadcrumb trails".
- Executive summaries available for key titles in up to 20 languages.
- Data available as ready-made, downloadable tables, or, for experienced users, in databases for users to build and extract their own tables.
- OECD.Stat is fully integrated, offering multiple export formats (including SDMX) explanatory metadata and links to related publications.
- 44.000 home pages with Google friendly URLs.
